Definitions

- Small Group Plan – Health insurance plan for businesses with 2-50 employees.
- Indemnity Plan – Type of medical plan that reimburses the patient and/or provider as expenses are incurred.
- Metal Levels (Platinum, Gold, Silver, Bronze) – Tiers or levels of health plans designed to make it easier for shoppers to compare options. More than one plan may be available in each level. The premiums typically increase from bronze to platinum metal levels, while the out-of-pocket costs for enrollees decrease from bronze to platinum metal levels.

Average Plan Value by Metal Level

Exchange Health Plan Requirements

- Meet network sufficiency standards
- Remove the lifetime and annual dollar limit on essential health benefits
- Not allowed to discriminate against or discourage consumers with existing health problems
- Expand coverage options for young adults
- Spend at least 80 cents of every premium dollar on care
- Provide essential health benefits

Essential Health Benefits

- Ambulatory patient services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorder services, including behavioral health treatment
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Lab services
- Preventive and wellness services and chronic disease management
- Pediatric services, including oral and vision care

Types of Products Offered

- HMO – A health care system that assumes both the financial risks associated with providing comprehensive medical services (insurance and service risk) and the responsibility for health care delivery in a particular geographic area to HMO members, usually in return for a fixed, prepaid fee. Financial risk may be shared with the providers participating in the HMO.
- PPO – Preferred Provider Organizations – An indemnity plan where coverage is provided to participants through a network of selected health care providers (such as hospitals and physicians). The enrollees may go outside the network, but would incur larger costs in the form of higher deductibles, higher coinsurance rates, or nondiscounted charges from the providers.
